COMPANY HISTORY

2024

Our clients now consists of small business owners to multi-million companies, from local to international. Our team is still growing bigger, and we continue to update our knowledge to further help our clients and future ones.

2022

People started going back to business, and our company starts to gain more clients. By the end of 2022, our list of clients are abundant, and our team began to grow once again.

2020

Pandemic came and businesses started closing down. Some of our clients had to shut down their business, and we had to let go of some people on our team.

2019

Business is thriving, and the company seems to be flourishing in to something more. Our team is growing and clients are coming.

2018

GLS is now in business. As any companies, this started with a few clients only. Our founders had no idea that this would be something big in the upcoming future.

2017

By the late months of 2017, a meeting was held and was decided to finally register the company under the name of GLS Accounting Services.

2012

A group of certified public accountants and tax professionals discussed about creating an accounting firm. It started as a side hustle for the group with minimal clients.
